

OVERNIGHT PARKING PLAN HOTELS & LODGES

Changes to Summer Overnight Parking in Vail

Vail Village & Lionshead
Parking Structures

Summer 2018

DAY parking is still FREE

Starting May 25, **OVERNIGHT** parking will be \$25 per night with some exceptions

Hotels and Lodges located in the exempted lodging areas on the Town of Vail map will receive one “voucher” per room. Each “voucher” will be marked with the hotel’s name. The guest will need to give the voucher to the booth attendant, meaning that all hotel guests will need to leave through the left lane in Vail Village and the right lane in Lionshead if they need to have their parking validated. Parking only needs to be validated if the car is left overnight (4 a.m. - 5 a.m.).

If they don’t leave the car overnight and move it during the day, they will not need a voucher as it will already be free. The Town of Vail Staff will be able to return the vouchers each evening or the hotels could come pick them up before check in begins.

The hotels will be given some spare vouchers in the event the guest misplaced/loses the voucher. The guest is to obtain the extra voucher from the hotel/lodge staff.

Lodges outside the exempted lodging area may contact the town for specific purposes regarding group overflow. The parking voucher for these incidents will not have specific room numbers but will have the lodge name on the voucher.

Program is subject to annual review and changes by the Town of Vail.
